

# Marius Onea

## Front-End Developer

I want to change my field of activity and do something that I have always liked, to work with computers and to create something new and original.

## EXPERIENCE

### ★ Learning

Udemy – Web Development

September 2021 – Present @ Bucharest, Romania

- I am preparing and learning intensely to develop the skills needed to be able to engage in IT. I decided it was time to make a change in my career and I focused to learn and gain new skills. I am looking for a new job where I can develop in this field and where I can become a real specialist in 5 years.

### ★ Retention Specialist

Vodafone – Telecom Company

May 2020 – September 2021 @ Remote + Bucharest, Romania

- I was in charge of managing a portfolio of clients, negotiating contracts, offering the company's clients and implementing the new offers in the system.

### ★ Optimization Specialist

UPC – Telecom Company

December 2013– May 2020 @ Bucharest, Romania

- I helped time optimization by creation personalized offers automatically, faster and more correctly.
- I took part in the development and testing of the new system of contracts generated automatically and sent by email to customers.
- I participated in professional and personal training courses within the company.
- I was the person responsible for training the new employees in the team and offering subsequent support throughout the probationary period.

### ★ Customer Experience Specialist

Lugera – Telecom Company

September 2013 – December 2013 @ Bucharest, Romania

- I conducted telephone questionnaires for B2B clients.
